# DEDICATION

For your vision of a modern regional school finally realized; for the pleasures and privileges that have been ours in attending this school; we, the first graduating class of Silver Lake Regional High School, heartily thank you and the members of your committee. In your honor, Mr. Chester T. Ray, we dedicate the first edition of *The Torch*.

Mr. Ray graduated from Brockton High School in 1925 and began his study of education at Bridgewater State Teacher's College. After graduating with a Bachelor's Degree in education in 1929, he began his teaching career at Hanover High School for one year, then transferred to the Oakdale Junior High School in Dedham, Massachusetts, for four years. During this period he obtained his Master's Degree from Boston University.

His position as principal of various schools for twelve years gave him excellent experience for the responsibility, which he undertook in 1946, as Superintendent of Schools in Charlemont, Hawley, Heath, and Rowe. We are very fortunate in having Mr. Ray as our Superintendent.

# ADMINISTRATION

At the dedication exercises for the Silver Lake Regional High School last September, the statement was made that we have a fine building but it is not yet a school. My reply to this statement was that I would do everything in my power to make it a fine school administratively. Actually, it is the student body and faculty who make the school.

The seniors have been establishing Silver Lake tradition this year—other classes will want to emulate what has been done. The standards have been high and all of us on the staff are pleased that the groundwork for a fine school has been established. Our underclassmen must start here with the foundation of a fine school and make it finer.

To the seniors—Congratulations on a job well started and best wishes for a future of outstanding progress as individuals in whatever field of endeavor you have chosen.

CHESTER T. RAY Superintendent

"He who hath a trade, hath a legacy." These words of Benjamin Franklin, written in colonial days, are more true today than ever before. At Silver Lake these words might well be inscribed over the doorway to the section known as the vocational department. Here we have established this special opportunity for our students to make for themselves the legacy mentioned by Franklin in his prophetic phrase.

May the first seniors to graduate from the Silver Lake Regional Vocational High School, short though their course may have been, give example to those to follow. Our aim is to provide trade training as part of the high school course offering. Our hope is that each graduating class brings this aim nearer to reality.

FRANCIS M. MORAN Assistant Superintendent Director, Vocational School

The school year 1955-1956 has been a most notable one. The memories that I have and the memories that you have of this school year may differ somewhat in detail and intensity but, because we have shared the experiences of a new high school and of a first graduating class our memories are common.

To those of you I have known for many years, and to those of you whose friendship I have but recently come to know and share, I wish you every success in life. May I remind you of your class motto: "In His Footsteps We Will Follow." With such endeavor and high purpose in life you cannot help but reflect honor on your school, your townspeople, and yourselves. So may it be!

"Who hath a book
Hath friends at hand,
And gold and gear
At his command . . . "

The first Library Club of Silver Lake Regional High School had a tremendous beginning with over fifty new members attending. The students showed a great deal of enthusiasm in this organization which held something new for many of them—a Book Fair. Its first year at Silver Lake proved very successful. Several members gave book reviews to the lower grades of the four towns in order to stimulate interest in better books.

Our advisor, Miss Taber, always helped in planning programs for our monthly meetings. These added sparks gave interest to the meetings.

## NATIONAL HONOR SOCIETY

Early in February the Silver Lake National Honor Society, supervised by Mrs. Opachinski, held an impressive, candlelight ceremony in the Little Theatre. Members from the Plymouth Honor Society officially inducted our students into the Silver Lake Chapter. Pins and membership cards were presented to the new members by Mr. Lloyd M. Creighton. After the ceremony refreshments were served to the parents and friends.

It is the purpose of this group to carry on the ideals of Scholarship, Character, Leadership, and Service.

Light is the symbol of hope and the flaming torch of the National Honor Society serves as a beacon for all students.

## DRAMATICS CLUB

What better way to start the year than with the Holly Hop! It was co-sponsored by the cheerleaders, and everyone had a great time . . . Our second moneymaking scheme of the year was the ingeniuous idea of selling refreshments at the home basketball games . . . We went on from that to a Valentine's party in February. What fun! . . . "The show must go on!" was our cry this spring. (I wonder how cold it really is in 'them that hills.') . . . Our trip to Boston to see a play marked the end of another successful year with a lot of fun for all.

## STUDENT COUNCIL

The Student Council has been a very active group throughout these past two school years in trying to organize the student body of Silver Lake and solve problems which often arise in the first year of a new school. With helpful advisement from Mr. Barham and the assistance of Mr. Creighton, the Student Council has made very important decisions concerning the school and the students.

Four representatives and four delegates attended the fall convention at Cohasset. A suggestion box was set up in the Principal's outer office for all the students to use. The council is ready at each meeting to discuss the suggestions and take action if they are considered useful. Book covers were sold by the council in order to raise money for the spring convention which was held at Silver Lake on April 5, 1956. The convention was a great success with Major Daniel James from Otis Air Force Base as the guest speaker. There were about 500 students attending from all over South Eastern Massachusetts.

Here are the future sharpshooters of S.L.R.H.S. The year started off with a bang under the able leadership of Mr. Bernath. Attention was attracted to the club at the Book Fair by presenting a display which consisted of a collection of various guns and animal skins. Since then we have learned the proper positions for shooting, use of the sling, and how to properly site a gun within the width of a pencil. Now we are looking forward to our own rifle range and contests with other schools.

## BASKETBALL CHEERLEADERS

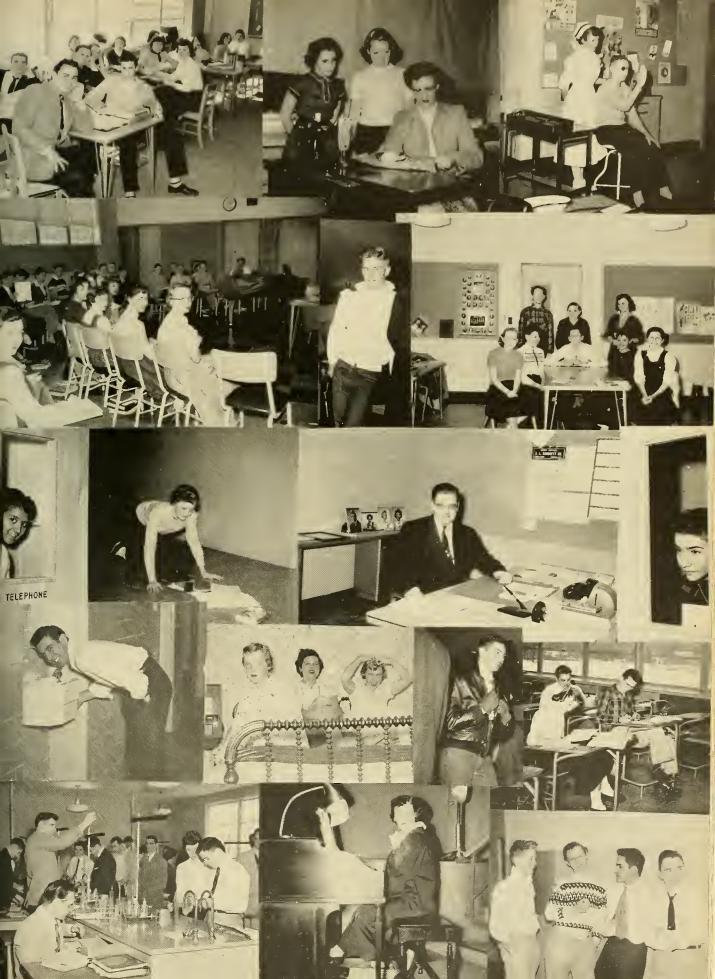

With our first game in only a few weeks we settled right down to business. Three main things had to be decided . . . Our advisor—we chose Miss Erickson, whom we couldn't have managed without . . . Our uniforms—"what style?" "what color?" "what money?" After a search for material we finally bought bright red wool flannel, and from that time on the Silver Lake cheerleaders were temporary seam-stresses . . . But then—where to practice? "Music room? balcony? lunchroom??" It never was definitely decided.

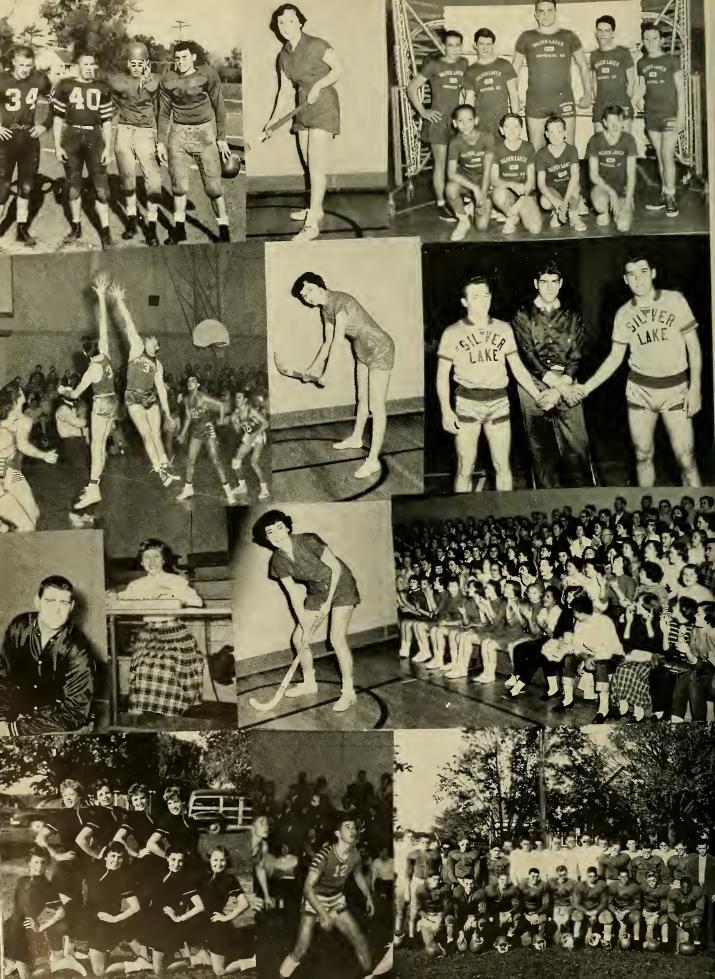

We opened the season with a very successful pep rally attended by the entire school and closed with new ideas, lots of spirit and very proud to have supported our wonderful team.

## FOOTBALL CHEERLEADERS

## FOOTBALL

The first football team at Silver Lake Regional High School had only two league games. Although we lost both of them the feeling of gridiron competition was felt in the lower grades of the school, proving that in future years, Silver Lake would be a strong power in the local and distant football leagues.

On opening day of practice there were fifty boys trying out, and only thirty uniforms were available. After a few weeks of preparation for our plunge into the first game, we voted for our co-captains. The results were Dennis Balboni and David Glass.

At the end of the season there were twenty-six boys on the squad, who will be able to remember the bangs and bruises they received in their first organized football games.

After graduation there will be twelve lettermen left for next year's team, being led by co-captains James Wills and Edward Angus.

The combined schools produced a fine team this year with many experienced players. The team chose fine co-captains, Dennis Balboni, and Bob Johnson. Overcoming a lack of height Silver Lake gave a very impressive account of itself when Dave Glass sank a one-hander with only a few seconds to give us a 43-41 win over Hingham and start the season off with a bang. The following games were also filled with many thrills in the closing seconds of the final periods. Our successful season comprised of ten wins and four losses was climaxed by our entrance in both the South Shore and Tech Tourneys, where we proved that we were definitely a second-half team.

Bill Ruffini was the high scorer and close on his heels were Dennis Balboni, Dave Glass, and Brad Bishop. Brad led the team in rebounds averaging better than ten a game, followed by Jimmy Corsi, who showed more improvement than any other player on the team.

The first team was comprised mostly of seniors, and it is hoped that our second team, next year's varsity squad, will be able to have as successful a season as we did this year.

This year the Silver Lake J.V.'s had the best second team in the Old Colony league. We won 15 games, and our only loss was a heartbreaker to Wareham. This record shows that we have some fine ballplayers on this squad, many of whom will be regulars for the first team next season.

The second team was no exception when it came to thrilling ballgames. Remember that thriller at Whitman which we won by only one point, and the Plymouth game where Doug McAloney, the only senior on the team, rebounded and scored the winning basket with only a few seconds remaining, to end his basket-ball career at Silver Lake!

Donald Lopes was promoted near the end of the season and turned in fine performances in the last few games for the first team. Other players who show promise for the future are Danny Santos and Robert Stangehellini, juniors; Mike Andrews, John Reilly, and Basil Wadsworth, sophomores, all of whom played in a few first team games. We also had two freshmen, Paul Lopes and Herbie Jackson, who will be a big help in their remaining years at Silver Lake.

Dear Mr. Creighton:

I should like to commend the students of your school who were in attendance at the Abington-Silver Lakes basketball game Tuesday evening.

The courtesy of your individual students and the sportsmanlike conduct of the entire group evoked considerable praise from members of the Abington High School faculty and the coaches. It is indeed a pleasure to be the host school for such a guest list.

The girls' basketball team rated high in spirit, aggressiveness, good sportsmanship, and the will to win, even in defeat. Although we never reached the win column in our league, we did beat Hanover in a practice game. Under the very capable leadership of our coach, Mrs. Bielski, and captain, Priscilla Deane, the team worked hard. We are very grateful to our manager, Maren Stoll, and assistant manager, Carolyn Bersani, who did their jobs well.

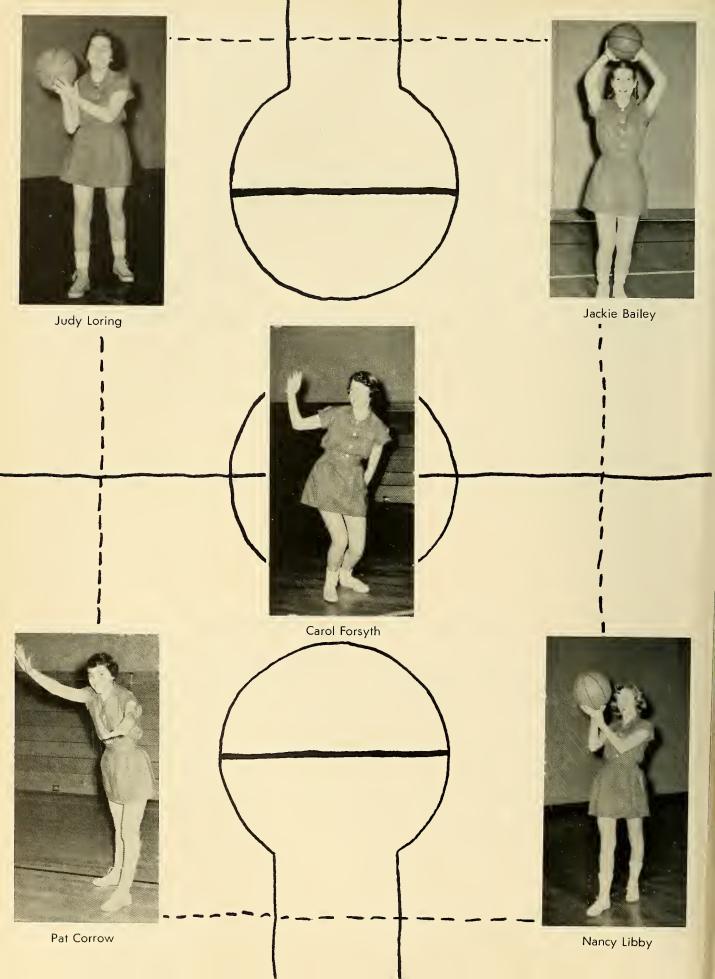

The J.V.'s under the guidance of Mrs. Cingolani worked hard building the future basketball teams of Silver Lake.

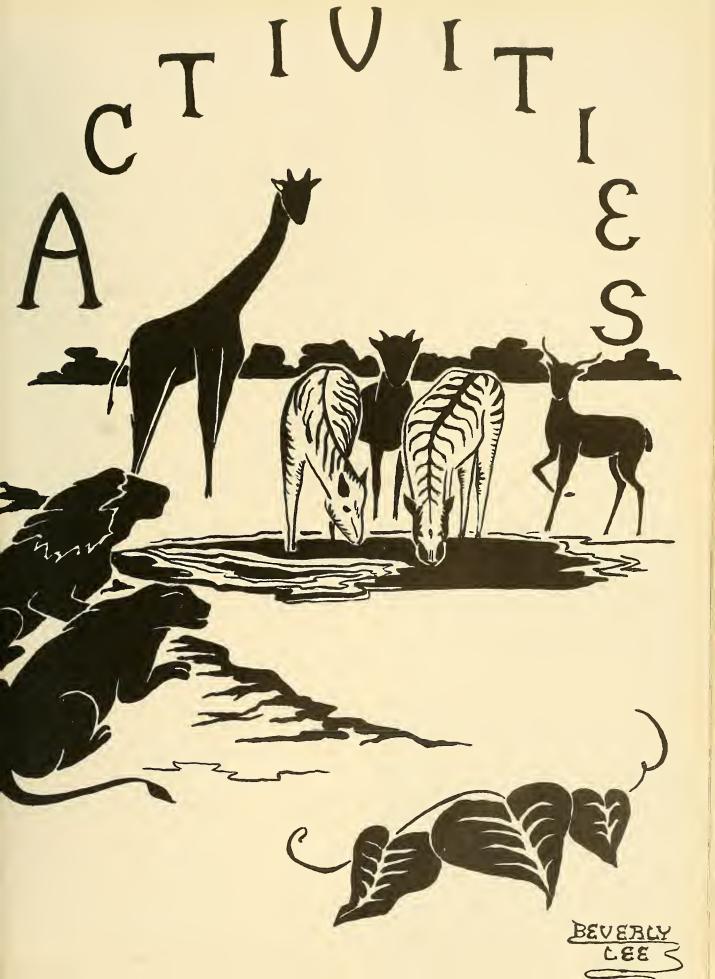

By graduation the five first-team members will be overcome by the ardent and persistent spirit of the underclassmen who were real contenders for varsity positions.

### DEDICATION

The hour-long ceremonies highlighted a two-day "open house" during which an estimated 10,000 visitors inspected the huge educational plant. Many spoke highly of the job done by regional authorities in building such a vast and well-equipped school for \$1,715,000.

About 900 showed up for the formal dedication Sunday. The auditorium having a capacity of only 525, the overflow heard the ceremonies over the school sound system in the gymnasium, cafeteria and lobby. A joint police detail of officers from the four towns under Police Chief Al Lanzilotta of Pembroke handled the heavy flow of traffic and assisted guests in other ways.

Heading a group of distinguished speakers at the dedication was Senator Leverett Saltonstall, who said the school represented the New England spirit of doing things together.

"When the American people understand a problem they usually have no great trouble in solving it, just as you folks here in Kingston, Pembroke, Halifax and Plympton have proved in the way you have all worked hard together to make this fine high school possible. It is a splendid building in itself but, even more importantly perhaps, it is a great example of what real community spirit means and can do. You have worked hard, hand in hand, for many months. This regional high school is a real achievement, a tribute to your co-

operation and your devoted effort together," said the senator.

Chairman Horace C. Weston of the Regional planning board presided at the ceremonies, which opened with the invocation by the Rev. James F. Lally of Kingston. Mr. Weston read a telegram of congratulations from Governor Herter.

Mr. Weston described the school as another monument to democracy in action—a job well done, which gives us renewed faith in the solution of problems in a democratic system."

Commissioner of Education John Desmond said the building represented not a debt, but an investment in people, both now and in the future. He said the building will extend equality of educational opportunity to all, and will result immediately in an increase in the percentage of pupils going through the 12th grade, as the school makes an appeal because of its functional form. He also predicted that the school would mean an increase in property values in the towns of the district.

A gold-plated master key fitting all doors in the building was handed from Abraham Schultz of the Jefferson Construction Co. to Architect Walter M. Gaffney to Chairman John R. Farmer of the Regional School committee to Supt. of Schools Chester T. Ray. In walking through the completed building, said Mr. Gaffney, there was only one thing missing—there was no "Our Miss Brooks" or Mr. Conklin.

Chairman Farmer, in presenting the key to Supt. Ray, spoke of the many problems his committee of "ten stouthearted men" had to solve at meetings lasting until 2 a.m. "On Sept. 19 between 900 and 1,000 kids will come thundering into this citadel of education. The Lord help you and bless you," he concluded, handing the key to Mr. Ray.

Supt. Ray stated that part of his job would be to make the building a school and he said he would do his utmost to make it one of the best schools in Massachusetts.

Music during the ceremonies was provided by the Silver Lake Girls' choir, with Music Supervisor Ralph Chouinard as director and organist. The girls, dressed in maroon and white robes, sang from the steps which are built into the front of the stage.

On the stage besides those with speaking parts in the program were the members of the Regional planning board. Regional School committee, the chairmen of the selectmen and school boards of the district towns, Assistant Supt. and Director of Vocational Education Francis M. Moran, Principal Lloyd M. Creighton, State Director of Vocational Education Walter J. Markham, Regional Attorney Amedeo V. Sgarzi and Clerk of the Works Alphonse Dahlen.

In the first two rows in the audience were the wives of those seated on the stage and officials of the State vocational education department, including Leslie Nutting, supervisor of trade and industrial education; Carl Herrick, John Glavin, Harold Shapiro and John McGovern, other department supervisors.

In co-operation with the book fair Mrs. Edna Enos of Pembroke, librarian at the Pembroke Centre Library, arranged a display of books from the libraries of the four towns in the area with Mrs. Hoyt, Halifax librarian, present during the afternoon and Mrs. Violet A. Willette, Plympton librarian, attending in the evening. Mrs. Enos also had charge of the Pembroke Poetry Club display, the highlight of which was a statue of "Calliope," the chief muse of the poets. In connection with the Poetry Club, announcement has been made of a poetry contest to be sponsored by this club for students from the Pembroke elementary school and the Regional High school, the rules of which will be released soon, together with detailed information. Mrs. Bertrand Steeves, Mrs. Robert Anderson, Mrs. Nancy Erikson and Mrs. Marion La-Roche represented the Poetry Workshop at its display.

Youth organizations displaying their handiwork were the Girl Scouts from Pembroke under direction of Mrs. Dale Deam and Mrs. Foster Eldridge; the Camp Fire Girls from Pembroke of which Mrs. Richard Jones is leader. Rita Mickewich, Eleanor and Elaine Gallivan and Carol Dougherty of the Girl Scouts assisted at their table which included a display of tray and picture paintings, plate holders, notebook material and a collection of pictures taken on previous camping trips. The Camp Fire display, which also included work done by the Bluebirds, featured many types of handiwork accomplished at the meetings of the girls. Assisting were Karen Parris, Jo Burgoyne, Grace Dunn, Noel Ochs, Judy Wood, Judy Deane, Meredith and Marilyn Conway and Martha Laivo.

The display of hooked rugs was in charge of Mrs. Nan Peterson of Pembroke, who exhibited a stair runner, with other exhibits including a coat-of-arms and rug by Mrs. Mabel Stevens, six hooked chair seats by Mrs. Gertrude Brown and three campanion pictures of sweet peas and a picture of a Maine Church by Mrs. Elizabeth Holt, all of Pembroke.

## BOOK FAIR

The book fair, which opened at 9:30, continued throughout the evening with open house being held from 7 to 9 and, according to school officials, an estimated 4000 persons attended during the evening.

There were over 4500 books on display, furnished by a Brockton and Plymouth book store, available for all age and grade levels, as well as adult best-sellers, fiction, nonfiction and reference texts. Several members of the library club, under guidance of Miss Doris E. Taber, librarian, presented book reviews at the elementary schools prior to the book fair, to give the children some idea of the books they would be selecting. A large number of students from the Silver Lake school manned the tables and assisted as sales clerks or in various other capacities. Besides the large number of books available there were tables displaying Christmas wrappings, ribbons and cards, as well as a wide variety of games. In connection with the Silver Lake School, a display of guns attracted a great deal of attention, indicating the new rifle club which has recently been formed under direction of Robert J. Bernath, faculty advisor.

Gordon McNeil of Plymouth illustrated how weaving is done on a loom and had on exhibit many completed articles made by hand. Also featured was a ming tree made by Felix Maiellano of Bryantville.

A great deal of planning and preparation went into the civil defense program which was presented under direction of Charles Lawrance, director for the town of Kingston, and Everett Reed, director for the town of Pembroke, with the cooperation of T-Sgt. Chancy Yurchis, USAF, representative from the Manchester Air Defense Filter Centre for the ground observer corps. David Kilroy, director of Sector 2-B assisted during the day and evening, and Lou Saba, Area 2 director, was present for the evening program.

#### CHRISTMAS ASSEMBLY

The Silver Lake Regional High school junior English classes presented an assembly in the Little Theatre Thursday for both the junior and senior High student body, in observance of the Christmas season, assisted by the Silver Lake Regional High school girls' chorus of 76 voices. The program opened with Christmas carols played by Ralph Chouinard, music supervisor, at the organ, followed by a beautiful candlelight ceremony by the chorus. The background for the opening number was a lighted star shining down into the auditorium which had been darkened for the first scene, representing the Star of Bethlehem. The chorus sang sev-

eral Christmas numbers under direction of Mr. Chouinard, who conducted the chorus and accompanied at the organ, after which Dean Carter sang "Holy Night." The Bible reading was given by Fred Adams, who also introduced the program. Nancy Hamilton read the story, "The Answer to Virginia."

The religious theme was represented by a play which included the following cast: Ann Henrich, David Billings, Beverly Flett, Alfred Souza, Rachel Cavanaugh, John Alberghini and Robert LaRoche, assisted by the chorus. John Angley, Bradford Bishop and Deane Carter portrayed the Three Wise Men in "We Three Kings of Orient Are."

#### PEP RALLY

A pep rally, which included the entire student body of the Silver Lake Regional High school, was conducted in the gymnasium Thursday afternoon immediately preceding the closing of school for the holiday vacation. The rally, which was in charge of Coach Ernest N. MacFadgen, physical education instructor, marked the official opening of the basketball season, the first game being played with West Bridgewater last evening, which, incidentally, was won by the Silver Lakers. The cheerleaders participated in the rally, drilled the student body in the Silver Lake cheers. Mr. MacFadgen had his boys on the floor for instruction and exhibition work, together with Robert L. Pooler, who has charge of the Junior High boys. To add to the festivities, Santa Claus arrived and several joke presents were distributed. Members of the faculty were also in attendance.

#### "VOICE OF TOMORROW"

The Silver Lake Regional High school will participate in the "Voice of Tomorrow" radio program over radio station WBET, Brockton, Sunday afternoon from 1:30 to 2 o'clock, conducted by Dorothy Dale. At an assembly held in the Little Theatre Thursday, a tape-recording was made of the program which will be presented, the panel discussion based on the subject of whether or not there should be toll or paid TV. Dorothy Dale of station WBET opened the discussion, after which she introduced Jack Angley, Priscilla Deane and Evelyn Fogg, who were the panel participants and who each gave a two-minute talk on the subject. Dorothy Dale then introduced Herbert Kruger, general manager of station WTAG in Worcester, and a director of National Association of Radio and Television Broadcasts, who spoke on the subject for his main presentation.

#### N.H.S. INVESTITURE CEREMONY

The National Honor Society investiture ceremony was held at assembly in the Little Theatre of the Silver Lake Regional High school Wednesday afternoon with members of Massasoit Chapter of the Plymouth High school National Honor Society as special guests, who assisted in the installation and induction of members of the new Silver Lake Regional High School National Honor Society. Other guests included parents of the inductees, members of the faculty and administrative officials.

The impressive service opened with a processional of members of the society carrying lighted candles to the platform of the Little Theatre. Marguerite Hasz, secretary-treasurer of Massasoit Chapter, opened the program with the Bible reading, after which the president, Peter Romano, welcomed the group and thanked the Silver Lake Chapter for inviting the Plymouth Chapter to be with them and participate in the service.

Robert Miskell of Massasoit Chap-

ter gave the history of the National Honor Society, after which Claire Vancini, also from Plymouth High, explained the meaning and importance of the symbols, closing with the motto. Alan Peterson, president of Silver Lake Chapter, also extended a welcome to those present and spoke briefly, after which he presented the four characters, service, leadership, scholarship and character. The lighting of these four candles was done by Marjorie Clarke, who represented service; Jacqueline Bailey, leadership; Marcia Blanchard, scholarship, and Patricia Corrow, character.

The reading of the scroll, giving the names of the new inductees, was by Barbara Freeman, secretary of Silver Lake Chapter, and the ceremony of putting the robes on and escorting them to the platform was in charge of Joan Whiting, Allan Paul and Gerald Harper of Plymouth Chapter. The candles of the new members were lighted and the pledge given by the entire group.

Alan Peterson, president, then introduced Mr. Creighton, principal of Silver Lake Regional High school, who presented the new members with their pins and membership cards. Mr. Creighton stated that he placed membership in the National Honor Society as invaluable because it meant that students were recognized for their academic success and that this is a symbol of their success, representing their academic achievement in school. He further stated that their continued success would depend on their willingness to aspire and achieve. Pins were presented by Mr. Creighton to three members of the senior class, Elizabeth Tubman, Margaret Murphy and Peter Shaw, and to seven members of the Junior class, Mary Farrell, Donald Lopes, Jane Ballard, Robert Sturtevant, Richard Jones, Evelyn Fogg and Priscilla Deane.

Creighton, principal. The girl receiving this award is chosen by members of her class and faculty, a girl of outstanding character who possesses four qualities of character to an outstanding degree, dependability, service, leadership and patriotism.

The first varsity basketball team to represent the new Silver Lake Regional High will end its 1956 season tonight when it meets an alumni quintet at the Kingston gym as part of an attractive scholarship fund program.

The Silver Lake Alumni clash, which is scheduled to get under way at approximately 10 o'clock, will highlight an unusual six-game card that will open at 6:30 with a sixth grade championship tilt.

In other action involving teams of Junior High school age, a seventh grade intramural championship game will be played at 7 o'clock, and an eighth grade intramural championship game will be played at 7:30.

Still other games will pit the women's faculty team against the Silver Lake High girls' quintet at 8, and the men's faculty against the Silver Lake High jayvee squad shortly afterward at 9.

The Alumni, made up of former Pembroke and Kingston High stars, will floor a lineup of players still active in collegiate or semi-pro ranks when it meets the school boys in the feature game.

Former school boy stars scheduled

# SCHOOL'S FIRST BASKETBALL TEAM BATTLE 'ALUMNI'

to see action with the grads include Bob Wade, Bridgewater State Teachers College standout this year, and Art Stevens, a member of the Dean Academy quintet.

Silver Lake, coached by Ernie Mac-Fadgen, a former collegiate and schoolboy star, turned in an enviable 13-6 record during the regular season and finished in third place in the Old Colony League.

It participated in both the South Shore and Eastern Massachusetts tourneys, and, among others, triumphed over Wareham High, unquestionably the area's No. 1 small school quintet.

Officials in charge of tonight's program announced today that all proceeds derived from the games will go toward the establishment of a scholarship fund for this year's High school graduating class.
